

Import and Export Classification Information

The import and export classification data below represent the most recent commodity classifications for the U.S, EU and Malaysia, and may not be applicable in non-U.S./non-EU/non-Malaysian locations. Please consider this when exporting these products from other locations.

The Manufacturing Location (Mfg Loc) on this list represents the most recent manufacturing location where the item is assembled as of the date of issue of this form based on the two-letter ISO 3166-1 alpha-2 standard. The Manufacturing Location indicated below may be different than the information indicated on the particular item shipped or on the commercial invoice. The Manufacturing Location does not imply that a product meets the rule of origin under a specific trade agreement.

If results for a particular part number do not return any data (blank or null), data for that part number is not available. Please contact NI's Global Trade Compliance at **Email:** trade.compliance@ni.com, **Phone:** +1 512 683-6010
